RE: Case # 2006 00052

Dear Mr. Melnykovich,

I own property at 443 Marine Drive in Russell County. My house is located in the Indian Hills subdivision. We visited our house last weekend, May 20th, and were surprised to find a cell tower on the subdivision lot directly across from my property. We were never notified nor did we ever see any public notice regarding the installation of this cell tower.

I am writing to formally object to the installation of this tower.

Sincerely,

Rodney R. Ratliff
